Looking forward to when they move back to the region and a future cox/rower to come through the club.

## Regattas

The club is off to their first regatta on the 21<sup>st</sup> October – Bendigo – see Wes if you are interested in rowing at this.

## Calendar

The club has produced a calendar for the year with everything on it.

It includes regattas, catered dinner dates, social events, pub raffle roster as well as a cleaning roster – every 3 weeks there are two family names at the start of the week – if you could organise a time during that week to clean the shed that would be great. It is in A3 format down at the club and on another attachment on this email.
